Career Objective

Motivated B.Tech student specializing in Artificial Intelligence and Data Science with a strong foundation in programming, machine learning, and web development. Seeking internship opportunities to apply AI, data analysis, and software development skills while gaining real-world industry experience.

Education

B.Tech – Artificial Intelligence & Data Science
Annamacharya Institute of Technology and Sciences, Tirupati
JNTU Ananthapuramu.
2024 – Present (3rd Year, Pursuing)

Diploma in Computer Engineering
Government Polytechnic, Pillaripattu
State Board of Technical Education, AP
2021 – 2024 (Completed)

Technical Skills

Programming: Python, Java, C

AI & Data Science: NumPy, pandas, Scikit-learn, Matplotlib, NLTK

Machine Learning: Data preprocessing, classification, regression, model evaluation

Web Development: HTML, CSS, JavaScript, Node.js

Databases: MySQL, MongoDB

Tools: Git, GitHub

Projects

AI Resume Builder: Developed an AI-powered resume builder that generates resumes based on user input using LLM APIs and web technologies.

Mini Bank System (Java): Console-based banking application supporting account creation, deposit, withdrawal, and balance checking using Java and file handling.

Text Classification using Machine Learning: Built a machine learning model using Scikit-learn and NLTK for text classification with preprocessing and evaluation.
